See our newly designed web site at the above address. All our new flyers (see information below) are available to view as well as a downloadable collection form, quality documentation and Year 2000 compliance information.

NEW HITEK FLYERS

Have you seen our new HITEK flyers? The following individual flyers make up an information pack and are available together or separately:

- On-site/Mobile calibration service
- RF & Microwave calibration
- Torque calibration
- Temperature calibration
- Why calibrate
- Crimp tool calibration
- Mechanical & balance calibration
- Sound level calibration
- Which standard and why?

If you would like to receive any of these, just fax back on 01306 875384 or email to sales@hitek.co.uk for an immediate response.

CALIBRATION REMINDERS

As our existing customers will know, we send calibration reminders every 3 weeks to remind you of instruments imminently due for calibration. We always try to include a little treat (i.e. coffee sachet, biscuit etc) to aid your reading and hopefully completing the collection request form! Remember we offer NAMAS & Standard traceable calibration certificate types.

We welcome suggestions for future suitable treats that you would like to receive! Reasonable suggestions only please!

NEW TELEPHONE SYSTEM

In order to quickly direct your call, we have introduced a new automated telephone system. When you hear 'Welcome to HITEK':

Dial **0** for **SALES** or an operator
Dial **1** for **ADMIN** or to progress an order
Dial **2** for **TECHNICAL** dept
Dial **3** for **ACCOUNTS**
Dial **4** for **PURCHASING**
Dial **5** to list **MAIN CONTACTS**

VISA/MASTERCARD

We accept Visa & MasterCard. We are pleased to offer 3.5% discount for immediate payments received via this method.
